## **Conflict of Interest Disclosure Form**

The BCI Society aims for independence, objectivity, and diversity in all its activities. In order to avoid conflicts of interest, all Board nominees and Board members are required to fill out this Conflict of Interest Disclosure Form to disclose relevant financial and in-kind relationships with industrial parties acting in the BCI field, or other organizations that could represent a conflict of interest. Full disclosure is expected even when it is not clear whether or not a specific relationship constitutes a conflict of interest. Relevant financial interests are defined according to the criteria applied by the NIH, as listed in section D8 of <https://grants.nih.gov/faqs#/financial-conflict-of-interest.htm?anchor=52857>. Briefly, any financial interest larger than 5000 USD needs to be reported.

The completed conflict of interest disclosure form of Board nominees will be shared with the membership for evaluation during the election process.

The completed conflict of interest disclosure form of Board members are posted on the BCI Society website. Any relevant changes need to be reported to the Board within 30 days and the conflict of interest disclosure form needs to be updated accordingly.

**Please disclose all relationships over the previous three calendar years of yourself as well as of first-degree relatives.**
